COOK WITH
PEARL
OIL

**Makes Cooking
a Pleasure**

A New Perfection Oil Cook Stove takes all the drudgery out of cooking. Lights at the touch of a match and heats in a jiffy. Bakes, broils, roasts, toasts,—all the year round.

No smoke or odor; no dust or dirt. Economical—all the convenience of gas.

In 1, 2, 3 and 4 burner sizes, with or without ovens or cabinets. Ask your dealer today.

Purely Personal

Frank Casson came in from the ranch of Mark Lauzon, near Cottonwood island, a few days ago and will remain here for some time. Mr. Casson is an excellent workman and it is probable that he may go into the automobile mechanics unit of the army.

Mrs. C. R. Van Marter and daughter returned yesterday from the coast, where they had been during the past six weeks.

Evillio Geo and Luis Acosta were united in marriage by Justice of the Peace Smith yesterday morning. The couple are Mexicans.

Thomas R. Scott, owner of the Payroll and other mines at Chloride, was in Kingman Monday last on his way from New York to the property. Mr. Scott has done a large amount of work in the Chloride section and is the owner of splendid mining property.

RECRUITING OFFICERS HERE

A number of recruiting officers for the marine service were in Kingman last evening on their way to New Mexico and other points to the east. They are making the journey by automobile and expect to have many hundred men listed before they again return to the coast. The new order in the naval enlistments will make possible the bringing in of men who heretofore could not be obtained without the pale.

MAY ENGAGE IN OIL BUSINESS

J. C. Rankin, who is heavily interested in mining in the Chloride field, is interesting himself in the oil fields at Holbrook and may organize a company to drill a well there.

MAY DRILL B-METAL GROUND

We understand that a lease and bond has been given to eastern parties on the Bi-Metal mines, three miles south of Kingman, and that as soon as drills can be obtained the big vein will be drilled to a depth of 500 or more feet for the purpose of ascertaining the area of mineralization. The surface indicates the vein to be better than 700 feet wide, and the outcrop is exposed for 500 feet in length along the strike. Should it be found to go to indefinite depth the property ought to be one of the big things of the state.

MEXICAN INJURED

This morning a Mexican railroad section hand was run over by a hand car and the bones of his right leg were broken. He was not otherwise badly injured.

TEALE RETURNS

Last Thursday morning L. M. Teale, who has been attending the Elks' grand lodge session, returned to Kingman. He reports having had the time of his life at Atlantic City, where the session was held. During his stay in the east he also visited at Coney Island, Far Rockaway and other watering places. He saw more life in one day at the Atlantic seaboard than can be seen in the west in months.

FROM HOLBROOK FIELD

W. J. Hennessy, who is interested with other Mohave county men in the Holbrook oil field, was a Kingman visitor this week, coming here to visit with his family. He reports that the big and lumber for the first well of the Adamana Oil and Land company is now on the ground and that it will soon be in commission. The company is to erect some houses for the men and is having it sawed out at a sawmill on the line of the new railroad.
